# 中考英语完形填空：参加社区志愿活动

## 完形填空原文

Last Sunday, our class teacher asked us to *1* a community volunteer activity. We were divided into groups, and each group was given a different task.

My group was asked to help clean up the small garden near the community center. When we arrived, the garden was in a *2* condition. Fallen leaves covered the paths, and weeds grew everywhere. It was clear that nobody *3* care of it for a long time.

We started working *4*. Some of us swept the leaves while others pulled out the weeds. I was in charge of *5* the flower beds. The soil was hard, so I had to use a small shovel to loosen it first.

After two hours of hard work, the garden looked completely *6*. The paths were clean, and the flower beds were neat. An old man living nearby came out and thanked us *7*. He said the garden used to be beautiful, but after the old gardener moved away, no one took care of it.

We promised to come back *8* month to keep the garden tidy. The old man was so moved that he almost cried. Our teacher said this experience taught us an important *9*: small actions can make a big difference.

I felt that volunteering not only helps *10* but also brings joy to ourselves. I will keep doing it.
