# 中考英语完形填空：学做手工首饰盒

## 完形填空原文

Mother's birthday was coming, and I wanted to make something special for *1*. After searching online, I decided to make a handmade jewelry box.

I found a step-by-step tutorial on a craft website. The materials I needed *2* simple: a small cardboard box, fabric, cotton padding, glue, and decorative ribbon.

First, I cut the fabric into pieces that were big *3* to cover each side of the box. Then I spread a thin layer of glue on the cardboard and pressed the fabric onto it carefully. The cotton padding *4* between the cardboard and the fabric to make the box soft to the touch.

The *5* part was covering the corners. The fabric kept wrinkling, and I had to redo it three times. I was so frustrated that I almost threw everything away. But then I thought about my mother's *6* face and continued.

After two hours, the box was finally done. I lined the inside with pink silk and added a small mirror to the lid. The ribbon went around the edges *7* a finishing touch.

On Mother's birthday, I presented the box to her after dinner. She opened it and her eyes grew *8*. "Did you make this yourself?" she asked. When I nodded, she held me tight and whispered, "This is the *9* birthday gift I have ever received."

I was *10* happy that I forgot all the difficulties I had faced while making it. Love truly makes everything worthwhile.
